

Mission Statement

To promote and coordinate the efforts of local organizations and businesses to make the Hoven area an even better place to live.

Hoven Service Club 2018

PO Box 404 Hoven, SD

Promoting a small community in route to Prosperity

Organizations are the back bone to any community no matter what size it is. The volunteerism of its members is what make the mission of the organization a success. Hoven is blessed with active organizations that have long term goals witch help our community. Opportunities for organizations arise when events in a community bring people to town. On the flip side, special events in a community only are made possible by active organizations.

The Service Club is the coordinating center for the city council and the community activities. Promotion of the community is also achieved through the service club and is only successful because of the support of the organizations. With your membership of only **\$25**, you are entitled to a page on the Hoven website.

Please look at your page on www.hovensd.com to review any information which should be added or updated. Features that should be mentioned on your page are a list of your annual activities and your officers with their contact information. The organizations which update or add information to their page get the most visits. Any history or goals are also of interest to your viewers. This adds pride to your membership and attracts new members.

We appreciate any support you can give us. Please return your organization's membership dues in the enclosed envelope.

Please join us on **March 10th at 6 pm** as we prepare for another exciting year together. Thank you!

Hoven Service Club Officers Vern, Francis, Sue, & Royce
