Co- chairperson, Francis Karst, called the September 6, 2016 Hoven Service Club monthly meeting to order after the noon meal at the Hoven Nutrition Site.

Mr Graham presented the superintendent's school report by giving an update of the new High School building. Jonie Abler presented a report on the Hoven web site which she and her classroom students are designing. She will discuss the site design with Tom Garrity and Vern Rausch. Royce Hackl will also have some suggestions of recognizing HSC members on the site.

Sue presented the past minutes and Royce presented the financial report. Both were approved with a motion from Don Seurer and a second to his motion from Carole Stoecker. Motion carried.

Old business was then addressed. A report from the Potter County Achievement Days success was not available, but it appeared that the Fair was well attended, as were the meals which were served on two days. Faith Thorne presented final plans for the Bark in the Park and Craft Fair event. Lunch will also be served. This event will be held on Saturday, September 10, 2016 from 10:00 am until 3:00 pm. This new endeavor sounds like a fun and different event, as Hoven has not held this type of event before.
